

Loyalty Manager: *Kits & Peripherals*

When the Appsuite Loyalty Manager iOS app is selected in whole or in part for administration of core CRM functions such as gift cards, rewards, ordering and customer management, Appsuite offers a selection of supporting hardware and bundled kits to enable simple implementation of the solution. Integrated with Apple iPad devices and with stands, readers and scanners from Infinite Peripherals, Appsuite has pre-shopped and assembled the items most essential for daily operations.

LOYALTY MANAGER BASIC KIT • PART 2588161 – iPad mini 5/secure stand/mag reader

This tried and true basic kit includes an Apple iPad mini 5 (WiFi – 64GB, Space Gray), secure stand (black), and an Infinite Peripherals Infinea Tab M for iPad mini with Magnetic Stripe Reader “MSR” (black).

LOYALTY MANAGER BASIC KIT PLUS • PART 3347614 – iPad mini 5/secure stand/mag reader with scanner

This expanded kit includes the same iPad mini and stand components as the basic kit but features the Infinite Peripherals Infinea Tab M for iPad mini with MSR and 2D Opticon barcode scanner (black).

PERIPHERAL • INFINEA TAB M for IPAD MINI SECURE STAND • PART 3357370 – black

This accessory is a desktop mounting stand with a rotating head to hold the Infinea Tab M tightly for added security.

PERIPHERAL • INFINEA TAB M for IPAD MINI with MSR • PART 3361023 - black

This Infinite Peripherals Infinea TAB M for iPad mini allows mobile employees to convert their Apple iPad mini into a powerful card reading tool. It includes a 3-track magnetic stripe reader.

PERIPHERAL • INFINEA TAB M for IPAD MINI with MSR & SCANNER • PART 3404303 - black

This version of the Infinea TAB M for iPad mini includes a 2D Opticon barcode scanner along with the 3-track magnetic stripe reader.

TECHNICAL & OTHER CONSIDERATIONS

- Loyalty Manager kits use the Apple iPad mini 5 which requires an internet connection via WiFi and/or cellular.
- See the Appsuite Software Product Datasheet: Loyalty Manager App for information regarding this CRM software solution
- See Appsuite Software Product Datasheet: Technical Specifications for Loyalty Manager iOS requirements and supported peripherals.
